

The Parish Church of St Peter and St Paul
East Harling

7 January 2009

Dear Sally,

I am writing to thank you, your colleagues and all the members of the choir for coming along last month to our church and entertaining us all so wonderfully.

The girls sang their hearts out (all beautifully in tune I should add!) and it was delightful to see so many young people clearly enjoying their singing. I know I speak for everybody who came along when I say it was a thoroughly enjoyable evening and we hope you will come again at some time to sing for us.

It was great that so many of their parents came along to support them and that lots of our villagers were there too. At the end of the evening we were able to send off over £200 to the Quidenham Hospice from the retiring collection. Perhaps when you are preparing your next newsletter in school it will be possible to thank the girls and their parents for their donations and to say how much we enjoyed listening to the choir.

We wish the choir every success for the future and "keep on singing"!

A happy and peaceful new year to you all,

All best wishes,

Judith Walls
Secretary
Events Committee
