After-School Care and Overnight Boarding

In addition to Breakfast and Supper Clubs, the School offers other 'cover' for day pupils' parents who are unable to collect their children at the end of the School day.

- **Pre-Prep Department**

All children in the Pre-Prep Department may stay at School for free care until 4.45pm. Pre-Prep children who are in School post 4.45pm will be taken to After School Club. The cost of this cover is £2.50 per 15 minutes until 5:30pm. After 5:30pm, Pre-prep children will be brought to main hall to join main school after school care.

- **Prep School**

Children in the Prep School may stay until 5.30pm for either Clubs, Societies or to do prep free of charge. After this time, they will be formally 'booked in' for after school care.

- **Overnight Boarding**

All children may stay for overnight boarding during the term. This must be booked through the School Office to enable us to check on bed availability. On the morning of the stay, an overnight case should be left at the School Office. Boarding out of term-time is by special arrangement only with the Headteacher and is offered in extenuating circumstances only.

All requests for Overnight Boarding, Breakfast Club, Supper Club and After-School Care must be made through the School Office. Students who need regular wrap round care (breakfast club, after school care and supper club) will need to be pre booked at the beginning of the term. Wrap round care on a regular basis is offered with 20% discount from full price.

BOARDING IS NOT JUST FOR ‘BOARDERS’!

A message from Boarding House

Many families think of boarding as meaning their child living away from home for long periods of time but this is not necessarily the case. We offer flexi and occasional boarding options that allow children to experience boarding life at their own comfort level, and offer families a lot more flexibility.

Boarding life allows children to develop life skills and independence far beyond that of day students. They build relationships with a wider range of students and add new dimensions to the friendships they already have. Staff ensure that the routines that you have at home are reinforced so that the children understand they must always clean their teeth before bed (for example) and not just wait until a parent reminds them. For regular boarders, it is a chance to make extra use of the facilities they normally only access in the daytime, so perhaps some extra drum practice time or another dance rehearsal.

For families, knowing you have the option of booking your child in to board with us may simply mean that you are able to work later that night, reduce your school run times or just let you to take up that invitation for a night with friends. If you add boarding to your weekly routine you will be amazed at the little changes in your child, usually in a short period of time – parents have spoken of increased interest and appreciation of family time, of children becoming more organised and independent, being more tolerant of others and being better at coping with change.

We really could go on and on about the potential benefits of boarding so if you would like to discuss it further please do get in touch with us. Otherwise, we hope you will find the information below helpful and look forward to welcoming your child to boarding in the near future.
